Profile Summary

Accomplished, technically authoritative, and PMP®-certified Senior Civil & Structural Engineer and Construction Project Manager with 23+ years of hands-on experience directing mega-scale Civil & Structural Engineering projects, EPC/EPCM contracts, and Client PMT operations. Highly dexterous in site management, manpower leadership, and material logistics. Adroit in structural analysis modeling using ETABS & SAFE, managing constructability reviews, and enforcing strict compliance with international codes (Eurocodes EN 1990-1999, ACI, AISC, ASTM, ASME, API, AWS D1.1, BS 8110/BS EN) and Saudi Aramco Standards (SAES/SAMSS/SATIP/SAIC).

Leadership Impact Highlights:

- Saudi Aramco PMT Leadership:** Directing civil/structural packages for the 50 km² SPARK Dry Port & Gas Grid Megaproject (Abqaiq) and Maintenance Manufacturing Shop Extension (Jeddah).
- National Infrastructure EPC:** Led turnkey construction of the 180-meter Chapananga River Bridge (Malawi's longest bridge), deep bored piling, abutments, and regional approach corridors.
- World-Scale Petrochemical & Smelters:** Supervised heavy dynamic foundations, cast house, potlines, and precast pipe racks for Ma'aden Aluminium Smelter (\$10B+ EPCM with Bechtel) and Borouge 2 (PE3/PP1/PP2) in Ruwais.
- Defense & Airbase Megaprojects:** Constructed US NAVFAC Airfield Storage, K9 Kennels, and Officer Campuses in Djibouti (Jacobs), plus Safran Air Base facilities in UAE (Stanley Consultants).
- High-Rise Structural Engineering:** Managed multi-tower luxury high-rises (Sobha Meritta G+18, Sobha Winchester), leveraging Mivan aluminum formwork and advanced ETABS & SAFE modeling.
- Honors & Industry Awards:** Awarded "Icons of Icons" (2025) for Saudi Aramco Project Leadership; received the "Icons Award" (2025) for Fast-Track Delivery Excellence; recognized as "Best Employee of the Year & Icons of Icons" (2012) for exceptional performance at Samsung Engineering KSA.

Top Skills

- Structural Analysis (ETABS & SAFE)
- Civil & Structural Engineering
- Construction & EPC Project Mgt.
- Saudi Aramco Standards (SAES/SAMSS)
- Heavy Dynamic & Raft Foundations
- Primavera P6 Planning & Scheduling
- QA/QC Procedures & ITP Governance
- Steel Structures & Modular Fabrication
- Pipe Spool (CS, LTCS, SS, GRP/GRE)
- GFRC Facade Panels & Cladding
- FIDIC Contracts & Subcontractor Mgt.

Professional Journey Timeline

Nationality: Indian

2003 – 2007 Civil Site Engineer Newry Properties Chennai India	2007 – 2009 Civil Project Eng. The Contractor Co. UAE	2009 – 2011 Civil ProjectEngineer Petroland Construction	2011 – 2013 Sr. Civil Project Eng. Samsung Eng. (KSA)	2013 – 2017 Project Manager Sobha Developers Limited	2017 – 2022 Sr. Project Manager Plem Construction EPC	2023 – Present Sr. Construction Eng. Saudi Aramco (PMT)
23+ Years of Global Experience	SAR Multi-BILLION SPARK Mega-Hub Infrastructure	180m Bridge Chapananga Major River Bridge (EPC)	Ma'aden / Alcoa \$10B+ Smelter Bechtel EPCM	ETABS / SAFE Structural Modeling & Dynamic Design	PMP® + SAUDI ARAMCO PMT Project Governance	

Professional Experience

Senior Construction Engineer – Civil & Structural (PMT)
Saudi Aramco (PMT/SMP) | Dammam / Abqaiq / Jeddah, KSA | January 2023 - Present

- Projects Overseen:** SPARK – King Salman Energy Park Dry Port Infra & Gas Grid Megaproject (Abqaiq) [Jan 2023 – Mar 2025]; Maintenance Manufacturing Shop Extension Project (Jeddah) [Apr 2025 – Present].
- Comprehensive Civil Scope:** Monitoring and executing all civil works including Excavation, Deep Foundations, Retaining Walls, Sump Pits, Manholes, Columns, Grade Slabs, Mass Concrete, Earth Backfilling, and Heavy Asphalt Road Pavements.
- Structural & Facade Engineering:** Managing structural steel erection, heavy crane girder buildings, dynamic equipment foundations, structural retrofits, and specialized Facade (GFRC Panels) & Cladding works.
- Quality & Submittal Review:** Reviewing and approving Contractor submittals, Work Method Statements (WMS), Safety Plans, Quality Plans, Material Test Certificates (MTC), and Manufacturing Data Books for compliance with SAES/SAMSS.
- Progress & Technical Governance:** Reporting weekly progress to Senior Management via Primavera P6; reviewing structural calculations and coordinating contractor procurement for timely material arrivals.
- HSE & Loss Prevention:** Enforcing Saudi Aramco safety rules, PTW requirements, toolbox talks and site safety compliance while maintaining a strong safety-focused construction environment.
- Stakeholder & Contractor Coordination:** Coordinating with contractors, consultants, engineering teams, and project stakeholders to resolve technical issues, monitor site execution, and ensure works meet project specifications, schedules, and Saudi Aramco standards.

Civil Construction Manager / Senior Project Manager

PLEM Construction Ltd. | Blantyre, Malawi (Central/East Africa) | August 2017 – August 2022

- Turnkey Projects Handled:** (1) Construction of Chapananga Bridge & Approach Road (180m multi-span bridge across Mwanza River); (2) Construction of 400kV & 132kV Substations and Control Buildings; (3) Construction of Teacher Training College Buildings & Infra Development; (4) Construction of Polytechnic College Buildings (6,500 m²); (5) Construction of Multi-Story Commercial Buildings (5,500 m², Blantyre).
- Technical & Site Management:** Supervised safety measures, setting-out and precision levels, shoring and shuttering safety, daily site progress meetings, and technical constraint reporting to executive management.
- Structural Analysis & Engineering:** Reviewed and implemented structural drawings, performed load and slab analysis in ETABS & SAFE, created 2D client drawings in AutoCAD, and assisted in preparing comprehensive As-Built drawing packages.
- Field Inspection & Coordination:** Liaised with land surveyors for precision alignments, coordinated with quality departments for mandatory stage inspections, and assisted safety personnel with daily toolbox talks.

Earlier Experience

Civil Project Engineer / Project Manager

Sobha Developers Ltd. / Sobha Ltd. | Chennai, India | Oct 2013 – May 2017

- Major High-Rise Projects: (1) Construction of Multistory Residential Sobha Meritta Apartment Project (G+18 Luxury Tower Complex); (2) Construction of Multistory Residential Sobha Winchester Apartment Township.
- Reviewed day-to-day progress, supervised contractors, verified raw material certifications and manufacturing data books; approved contractor pay applications and change orders.
- Monitored calibration records of testing equipment, carried out excavation inspections, witnessed stage-wise soil compaction tests for backfilling, and monitored underground/above-ground concrete protection systems as per contract drawings

Senior Civil Project Engineer

Samsung Engineering & Cons. Saudi Arabia Ltd | KSA | Jun 2011 – Jul 2013

- Project Scope: Ma'aden Aluminium Smelter, Cast House, Rolling Mill & Ma'aden Ammonia Offshore Facilities (Client: Ma'aden & Alcoa | PMC: Bechtel Consultancy Service).
- Supervised structural civil construction for cast house facilities, potlines, precast pipe rack structures, heavy equipment foundations, and underground cooling networks.
- Supervised pipe spool fabrication and concrete encasements for CS, LTCS, SS, Alloy steels, and GRP/GRE piping systems; ensured strict compliance with Bechtel, ACI, and AISC standards.

Civil Project Engineer

Petroland Eng. & Cons. Ltd | Algeria & Djibouti | February 2009 – April 2011

- Quartzites de Hamra Gas Processing Facility (Algeria | Client: SONATRACH | PMC: CH2M): Constructed Pipe Racks, Wet Elements of Elevator Structure, RC Pits, Equipment/Pump/Compressor/Analyzer Foundations, Earth Mound and Irrigation Tank Foundations, Tank Retaining Walls and Paving, Manholes, MO Pits, Valve Pits, Valve Boxes, Sump Boxes, Duct Banks, Concrete Encasement for GRP Piping, Substation Buildings, Utilities, and Electrical/Instrument Concrete Trenches and Open Ditches.
- US NAVFAC Defense Infrastructure (Camp Lemonnier, Djibouti | Client: NAVFAC Navy PWO | PMC: Jacobs Engineering): Constructed Dog Kennel Military Dog Training Area, Air Field Storage, Infrastructure Development of Airbase Area, and High-Rise Buildings for Military Officers Campus.
- Infrastructure development projects at Ethiopian Development Corp

Civil Project Engineer

The Contractor Company W.L.L | Abu Dhabi | June 2007 – January 2009

- Construction of PE3 (540 KT/Y) and PP1/PP2 (400 KT/Y) plants and infrastructure, including pipe racks, HVAC/chiller yards, firefighting pipelines, duct banks, foundations, substations, control buildings, pits, fencing, pile foundations, and pipe supports.
- Safran Air Base Defense & High-Rise Infrastructure (Madinah Zaid, UAE | Client: D.M.W. Directorate of Military Works | PMC: S.C.I. Stanley Consultants): MW-AF-325-2005 Different Facilities & Utilities at Safran Air Base; MW-AF-078-2007 Accommodation Buildings for Officers; Upgrading of Al Akdhar & Baynoonah Street road infrastructure.

Civil Site Engineer

Newry Properties Pvt Ltd | Chennai, India | May 2003 – May 2007

- Projects: Construction of Multistory Residential Shrishti Apartment Project & Newry Shamim Apartment Project.
- Site Engineering Responsibilities: Studied drawings, prepared schedules, coordinated materials procurement, prepared quality inspection reports and acquired client approvals. Checked Bar Bending Schedules (BBS) and executed formworks (footings, plinth beams, columns, slabs). Executed roadworks, complete RC structure, masonry, and architectural finishes.

Tools & Technical Proficiencies

Structural Design & Analysis: ETABS (multi-story 3D building analysis, seismic & wind response), SAFE (raft/mat slabs, pile caps, post-tensioned systems), Mathcad.

CAD, BIM & Engineering: AutoCAD 2D/3D (structural detailing, shop drawings, BBS, as-builts), Navisworks Manage (clash detection, 3D model reviews), Trimble.

Project Controls & Planning: Primavera P6 (baseline schedules, CPM, resource loading, EVM), MS Project, MS Office Suite (Advanced Excel).

Codes, Standards & Contracts: Eurocodes (EN 1990-1999), ACI 318, AISC 360, ASTM, ASME B31.3/VIII, API 650, AWS D1.1, BS 8110/BS EN, Saudi Aramco SAES/SAMSS/SATIP/SAIC, FIDIC Suite of Contracts.

Materials & Specialized Systems: Reinforced Concrete (C30-C80), Structural Steelwork, Precast Concrete, Pipe Spools (CS, LTCS, SS, Alloy Steel, GRP/GRE/HDPE), GFRC Facades & Cladding, Aluminum/Mivan Formwork.

Selected Projects & Client Portfolio

SPARK Dry Port & Gas Grid Megaproject – Saudi Aramco | Abqaiq, KSA | 50 km² Energy Mega-Hub; 10M MT intermodal terminal, gas grid corridors, heavy container-yard pavements & deep utilities.

Chapananga Major River Bridges & Road – Malawi Government | Chikwawa, Malawi | 180-metre multi-span river bridge (Malawi’s longest); deep bored piles, RC piers, abutments & river scour protection.

Ma'aden Aluminium Smelter & Ammonia Offshore – Ma'aden & Alcoa | Bechtel PMC | Ras Al-Khair, KSA | Major aluminium smelter & ammonia complex; cast houses, potlines, dynamic equipment foundations and GFRP/GRE systems.

400kV & 132kV Substations & Control Buildings – ESCCOM / Interconnector | Malawi | Heavy transformer pads, GIS/AIS switchyard civil works, firewalls, control buildings & associated infrastructure.

Polytechnic & Teachers Training College – Ministry of Education | Blantyre, Malawi | Institutional facilities including classrooms, lecture halls, laboratories, military/commercial buildings & associated infrastructure.

Borouge 2 Petrochemicals Expansion (PE/PP) – Borouge & GASCO (PMC: Technip) | Ruwais, UAE | Polyethylene (PE3–540 KT/Y) & Polypropylene (PP1/PP2–400 KT/Y) units; process pipe racks, chiller yards & GRE firefighting mains.

US NAVFAC Defense Infrastructure & Airfield – US Navy NAVFAC PWO (PMC: Jacobs) | Djibouti | K9 Dog Training Area, Airfield Storage, Airbase Infrastructure & High-Rise Military Officers Campus.

Ethiopia-Djibouti Freight Infrastructure Corridor – Ethiopian Development Corp. | Djibouti / Ethiopia | Strategic transport corridor infrastructure, steel logistics area, deep earthworks & heavy foundation works

Quartzites de Hamra (QDH) Gas Facility – SONATRACH (PMC: CH2M) | Algeria | Gas separation plant, pipe racks, elevator structures, RC pits, compressor foundations, slug catchers & blast substations.

Safran Air Base & High-Rise Infrastructure – D.M.W. (PMC: Stanley Consultants) | Madinah Zaid, UAE | Air base facilities, utilities, officer accommodation buildings & Al Akdhar/Baynoonah road infrastructure upgrades.

Sobha Meritta Luxury High-Rise – Sobha Limited | Chennai, India | G+18 multi-tower luxury residential development, aluminium formwork, pile foundations, structural works & finishing.

Sobha Winchester Luxury Township – Sobha Limited | Chennai, India | Multi-storey residential towers, high-end architectural finishes, deep foundations, structural works & infrastructure.

Shrishti Apartment Project & Newry Shamim Apartment Project – Newry Properties Pvt. Ltd. | Chennai, India | Multi-storey residential apartment buildings; RCC framed structures, foundations, MEP coordination & finishing works.

Domain Exposure

Oil & Gas Megaprojects

Bridges & Transportation Infrastructure

Defense & Military Facilities

Petrochemical & Smelter Facilities

High-Voltage Power Infrastructure

High-Rise Residential & Institutional Buildings

Professional Certifications

- PMP® – Project Management Professional, Project Management Institute (PMI)
- Saudi Aramco Approved Senior Civil Engineer – Project Management Team (PMT/SMP)
- Certified QA/QC & Construction Safety Management – OSHA Compliant

Education Details

Bachelor of Technology (B.Tech) – Civil Engineering
Sri Ramaswamy Memorial (SRM) University, India | Graduated 2016

Diploma in Civil Engineering
Anna University, Tamil Nadu, India | 2003
